

## Playdough

### To make a small ball of playdough you will need:

- ◆ 8 tbsp plain flour
- ◆ 2 tbsp table salt
- ◆ 60ml warm water
- ◆ 1tbsp vegetable oil
- ◆ A few drops of food colouring (optional)

### What you need to do:

1. Mix the flour and salt in a bowl.
2. Mix the water, oil and food colouring in another container.
3. Pour the water, oil and food colouring into the flour and salt.
4. Mix it together with a spoon and then knead into a ball.
5. To keep your playdough soft, store it in cling film or an airtight plastic bag in the fridge.

You may wish to make several batches in different colours.
